

Test Case Description:		Test The Login Functionality				
Objective:		To verify that a user can successfully log in to the Sauce Demo website.				
Test Case No.		1				
Test Case Name		Login Failed - Invalid Credentials				
Created By		Alex Schwarz				
Step No.		Step Description		Expected Result	Actual Result	Status
1		Navigate to <a href="https://saucedemo.com">saucedemo.com</a>		Site should open.	As expected	Pass
2		Fill invalid User credential.		Credetnial will appear in the User field.	As expected	Pass
3		Fill invalid Password credential.		Credetnial will appear in Password field as *****	As expected	Pass
4		Click on the login button.		The error message "Epic sadface: Username and password do not match any user in this service" should appear.	As expected	Pass
Test Case No.		2				
Test Case Name		Successful login test.				
Created By		Alex Schwarz				
Step No.		Step Description		Expected Result	Actual Result	Status
1		Navigate to the login page.		Site should open.	As expected	Pass
2		Fill user field with "standard_user".		Credetnial will appear in the user field.	As expected	Pass
3		Fill Password field with "secret_sauce".		Credetnial will appear in the password field as *****	As expected	Pass
4		Click on the login button.		User is loggen in.	As expected	Pass
Test Case No.		3				
Test Case Name		Pressing login button with empty fields test.				
Created By		Alex Schwarz				
Step No.		Step Description		Expected Result	Actual Result	Status
1		Clear the text from Login page fields		Fields should be empty.	As expected	Pass
2		Click on the login button.		The error message "Epic sadface: Username is required" should appear.	As expected	Pass
Test Case No.		4				
Test Case Name		Only the User field is filled test				
Created By		Alex Schwarz				
Step No.		Step Description		Expected Result	Actual Result	Status
1		Clear the text from Login page.		Fields should be empty.	As expected	Pass
2		Fill the User field with "standard_user".		Credetnial will appear in the user field.	As expected	Pass
3		Click on the login button.		The error message "Epic sadface: Password is required" should appear.	expected [Epic sadface: Password is required] but found [Epic sadface: Username and password do not match any user in this service]	Failed
Test Case No.		5				
Test Case Name		Only the Password field is filled test				
Created By		Alex Schwarz				
Step No.		Step Description		Expected Result	Actual Result	Status
1		Clear the text from Login page		Fields should be empty.	As expected	Pass
2		Fill the password field with "secret_sauce".		Credetnial will appear in the password field as *****	As expected	Pass
3		Click on the login button.		The error message "Epic sadface: Username is required" should appear.	As expected	Pass
Test Case No.		6				
Test Case Name		Logout Test				
Created By		Alex Schwarz				
Step No.		Step Description		Expected Result	Actual Result	Status
1		Navigate to the login page.		Site should open.	As expected	Pass
2		Fill user field with "standard_user".		Credetnial will appear in the user field.	As expected	Pass
3		Fill Password field with "secret_sauce".		Credetnial will appear in the password field as *****	As expected	Pass
4		Click on the login button.		User is loggen in.	As expected	Pass
5		Click on top left menu bar.		Menu bar should appear.	As expected	Pass
6		Click on "Logout" button		User should be logged out successfully.	As expected	Pass

Test Description:	Add Product to Cart			
Objective:	To verify that a user can successfully add a product to their shopping cart.			
Test Case No.	1			
Test Case Name	Add Product "Sauce Labs Bike Light" to cart test.			
Created By	Alex Schwarz			
Step No.	Step Description	Expected Result	Actual Result	Status
1	Navigate to <a href="http://saucedemo.com">saucedemo.com</a>	Site should be open.	As expected	Pass
2	Fill user field with "standard_user".	Credential will appear in the user field.	As expected	Pass
3	Fill the Password field with "secret_sauce".	Credential will appear in the password field as *****.	As expected	Pass
4	Click on the login button.	User is logged in.	As expected	Pass
5	Navigate to Products Page.	Products Page should appear.	As expected	Pass
6	Click on the "Add to cart" button for Product "Sauce Labs Bike Light".	Product "Sauce Labs Bike Light" successfully added to cart.	As expected	Pass
7	Verify that Product "Sauce Labs Bike Light" added to cart.	Product "Sauce Labs Bike Light" successfully added to cart.	As expected	Pass
Test Case No.	2			
Test Case Name	Add Product "Sauce Labs Fleece Jacket" to cart test.			
Created By	Alex Schwarz			
Step No.	Step Description	Expected Result	Actual Result	Status
1	Navigate to <a href="http://saucedemo.com">saucedemo.com</a>	Site should be open.	As expected	Pass
